“INDIA RURAL DEVELOPMENT REPORT”

Collated & Compiled By IDFC Rural Development Network

Rural India is undergoing a sweeping transformation. The narratives vary from rural resurgence and expanding consumption to conflicts, poverty and distress. In this complex and multi-layered context, this Report attempts to delve into various aspects of rural development. The report provides a comprehensive picture of current rural India and attempts to bring together into a single compilation a review and analysis of topics. It also reviews all major central government rural programmes and schemes and, in particular, provide an in-depth assessment of the flagship rural employment guarantee programme, MGNREGA.

The report covers :-

- Debates on topical issues
- Empirical analysis
- Synthesises literature across a spectrum of issues
- Inspiring stories and innovative models to show what works and what does not
- Policy direction
- Comprehensive rural database
